
Should we have a Blog-section?

Posted by cpacan - 2008/03/25 02:23

Suggestion has been made:

Should 1st-Quiz have it's own Blog? Why - and who should be blogging? About what? Is there any topics that can't be covered in the Forum?

What do YOU think?

Personally... I don't think it's necessary at this time. Its better to focus on existing content, as I see it. Meaning, more articles and more quizzes.

How do I post a new quiz?

I can't find any reason to have a blog section here...

I think that forum is more than enough: members can submit advices, ideas, links and new quizzes.

Anyway, maybe a little "collaborative" or "blog-like" forum section could help.

Bye,

Davide.
